05/May/2023	Nawin Khaware	Interview for 2E & 3E was carried out and both the persons have accepted that they have breached company's D&A policy. 2E was found guilty for consuming alcohol onboard and 3E was found guilty for possessing 03 bottles of alcohol in his cabin. As per company policy, we are having ZERO tolerance towards breach of company's D & A policy and hence decided to dismiss both the engineers. Investigation stands completed at this point.
